Search

Advanced search

In the "What?" box on the left, you can type in the kind of job you are looking for. For example, a cleaner job.

In the "Where?" box, you can narrow down your search by location. Type in "derby" and some suggestions will appear; you need to click on the right one, for example, "Derby, Derbyshire."

Once you have done this, click the black "search" button.

The search results will then appear, listing all the cleaner jobs currently available in Derby:

You can also select whether you want to just see full-time or part-time jobs, and permanent or temporary jobs. You can even narrow the search down to the salary you are looking for, by selecting the lower and higher ends of the range and clicking the green "apply" button.

Clicking on the title of the job you are interested in – in blue and underlined – will take you to more information about the job, and tell you how to apply for it.

Browsing

If you are not looking for any particular type of job, you can also just browse the available jobs.

Back on the "Search for Jobs" page, instead of using the search bar at the top, narrow down the available jobs using the column on the left. You can narrow them down by location, the date they were posted, the salary range, the employment sector, the contract length and the working hours.
